

Laboratoire Magmas et Volcans (LMV)

A mixed research unit between:

CNRS

Université Blaise Pascal

and

IRD.

Located at Clermont-Ferrand, France

LMV

- Three research groups:
 1. Volcanology (physical volcanology and geophysics)
 2. Petrology (experimental and natural petrology)
 3. Geochemistry (trace element chemistry, radiogenic isotope, radioactive disequilibrium)

Instruments available for “FutureVolc”

- Electron microprobe
- LA-ICP-MS
- Mass spectrometers
- α - and γ -spectrometers
